

SINTAVIA

Mr. Neff is the Chief Executive Officer of Sintavia, a designer and additive manufacturer of critical components for flight and launch customers. Mr. Neff founded Sintavia in 2012 after working with metal additive manufacturing at CTS Engines, a jet engine MRO he acquired in 2010. Prior to CTS, he was the President of Southern Air, a wide-body cargo airline, from 2007 to 2009, and was its CFO from 2003 to 2007. In addition to his work with Sintavia, Mr. Neff serves as the Chairman of the Additive Manufacturer Green Trade Association, an industry trade group dedicated to promoting the environmental benefits of additive manufacturing. Mr. Neff holds a BA from Dartmouth College and an MBA from Columbia Business School.
